“ I'll never forget your smile dad. It's one that a person could never forget. I'm going to miss you and will always wish I had more time with you. I appreciate you and thank you for giving me life! I'll love you and cherish what we had in my heart and memories for the rest of my life.

“ I considered John and Uncle to me and his lovely wife my Aunt, something I will never forget is that when I would ask him a question he would always say "is that a rhetorical question" I was young and didn't know what that meant so I could never answer him, then one day I looked it up so when he said that too me the very next time I got him with and answer to his "is that a rhetorical question" he is someone I hold close to my heart and he will be dearly missed.

“ To one of the most infectious people I ever knew....I just loved being around John...he always kept me in stitches...there was never a dull moment with him around. We had some really great times the 9 years we worked together and the day I left FINR I knew he would be one I would miss the most. I know you will continue you do your thing and roll the car windows up and laugh in Heaven!! May you rest in peace my dear sweet friend. You will be greatly missed!
