“ A memory of Amy I have so many the one that sticks out the most is when my mother died unexpectedly. I never even had to call Amy she was there in a matter of minutes. She never left my side for days until she knew I was gonna be OK even when her husband demanded she come home. She did not leave me. There was many days and nights that I needed somebody and she was there not just for me, but for a lot of people she always talked about her children and how special they were to her. She loved her husband dearly she will be missed by many.
