“ Hi, My name is Barbara and I want to share my story of how I met your daughter. I am doing a family tree.I was looking for information on my daughter in laws family. My daughter in law Candace is Terry's niece and this is how I met her.I communicated a few times with her and then Dana and Candace became friends. She was very kind to me and Candace. She was hoping to meet up and have lunch so that they could get to know each other better. They became friends on facebook and your daughter was wonderful. She cared very much about family. I later learned that her maiden name is Stanford and she was from Wauchula. I found this very interesting because my deceased mother is a Stanford from Wauchula also.I might have found her for other reasons...God bless you and your family.

“ Melissa, Terry: My husband and my thoughts and prayers are with you. Even though I did not know your daughter, Patty talked a lot about her at work. I worked with Patty for years at Clerk's office. I miss Patty so terribly also. Just keep God in focus thru all this. Janie
