“ We knew this sweet baby as "Baby Perez" in the NICU. So many of us cared for her for many weeks and we loved her so much. We still do..and always will. I always loved to get snuggles with her after her feedings. I made sure to get started on her care early and set aside extra time between patients just to get my "Princess Elissa" snuggles in for the day. She loved to "talk" to us during all of her care, especially when it was time to eat or lay back down. She loved to be held! I'll always remember her scent, her cute little grunts, our "conversations" and her purple onsie with "Princess Fussy Pants" on it that was PERFECT for her. She will be forever remembered and missed. -Rachel Willis, RN from LRH NICU
