“*Freda was one of the first people I met when I came to Wauchula 22 years ago. She was the receptionist at HHS where I was hired for my first teaching position. Fifteen years ago after John died I picked her up for church (she did not drive). We traveled to Branson, Missouri, together and had a great time. Often when I would tell her I was going to Sebring she would say, “What time are you picking me up?” My usual comment about Freda was at 85 or 86 or 87 she would work circles around me and many others! Having to slow down the last year or so was very difficult for her. She missed John tremendously!, loved her church family and LOVED her family dearly. She will be missed by many. Love and prayers to the family.*
