“Gwen you will forever be in the hearts of all of us, your classmates from Pinecrest High School class of 1955. We have been friends since first grade and pray for peace and healing for your family. May the memories of you give the family comfort.

“Tommy, Rusty and Diane, it is a difficult time when we loose a Parent, especially our Mother. But we find comfort in knowing the pain is over for them and they are in their Eternal home, with others that have gone before them. I have many fond memories of time shared with Gwen from Keen town to Bartow. May God bless you all and comfort you. Lloyd Brady
