“ Hello my dear family.....we are all SO sorry to hear about Reba! How I would have loved to see her again and hear her special giggle....We had planned a trip down there, but over the past 3 years we have lost so many family members here and with first one and then another having surgery we have had to delay the trip. Please express to her children and grandchildren how much we loved her and all of you. Will be glad when we can get together and share our memories. GOD Bless you all...Aunt Edna, Jeannie, David, Steve, Jamie.

“ As I sit and think about all the great times we shared it just breaks my heart to know that those memories are all I have left. Everytime I seen you there was always laughs. How much you will be missed everyone who knew you already knows . I was proud to call you my "Aunt Reba", and that's one thing that will never change. I know they say somethings just happen , and we should never question why, but this just all happened way to fast. I have always heard life is short. I just seen you on Friday and you left this earth on the Thursday after. As the family gathered we all just sat around and talked about memories of you. I know you lived life to its fullest from all the great stories told. I thought to my self I'm glad I got to see you that Friday we were both full of laughs just like always. I'm glad I got hugs and kisses right before I left, but most of all I'm glad I got to tell you " Aunt Reba I Love You"
